Hey Chris, thanks again for providing the updates to the Accomplishment Report. I just learned a few mins ago that Jeff would like to remove the Ex. 5 Deliberative Process (DP) updates, since they are really just NFRAP decisions. He mentioned adding Bishop Tube information - do you think you can put together a "salient" like update on that site to replace Ex. 5 Deliberative Process (DP)? He also mentioned adding the Ex. 3 Deliberative Process (DP) update, so I'll just transfer what you wrote up for the Branch's one-sheet profile page to the Accomplishment Report.

Hey Joe! I was actually just on the phone with him and discussed what i can put in there instead. I'll add that this afternoon!

Vitello, Joseph A. 2:28 PM:

Ok great. Thanks and glad he contacted you himself. I'm sure I'll get a call soon too reiterating what he wants

Vallone, Christopher 2:30 PM:

Sounds good! He called to discuss a few things that popped up but he mentioned about the accomplishment report. Is it due by tomorrow?

Vitello, Joseph A. 2:31 PM:

Well I don't know anymore. He apparently told Lorie there wasn't a rush but he told me on Tuesday it was needed at the absolute latest by COB today because he's off tomorrow (the original deadline he asked for).

Vallone, Christopher 2:32 PM:

He did tell me there wasn't a big rush on it as well if I couldn't get it in today, next week would work too

Vallone, Christopher 2:32 PM:

Guess sooner the better

Vitello, Joseph A. 2:34 PM:

That's good to know he told you the same as Lorie because he asked me to start bugging Dawn to add Virginia stuff and there is no way I'd expect her to add anything by the end of today.
